Mothers' Union is a welcoming, women-led Christian movement. With four million members across the world, we are passionate about transforming and improving the lives of families and communities. We strive to demonstrate our faith in Christ, acting with compassion towards the earth and humanity. We challenge inequality and promote peaceful relationships.

Prayer is central to all we do. Mothers' Union members are united in prayer and worship. Bible verses and prayers are shared across the world, encompassing current situations and people everywhere. Since 2020 this powerful Wave of Prayer has been broadcast at midday on the MU Facebook page.

MODERN DAY SLAVERY

We join with the Clewer Initiative to bring about awareness and to campaign against Modern Day Slavery in all its forms.

CAMPAIGNING

We join with others across the world to campaign for justice and fairness for everyone, everywhere. We stand against Domestic Abuse and

Gender-Based Violence. We work to promote resilience and harmonious relationships at home and overseas and fight for the rights of women and girls.

We are a diverse membership of women and men, married and unmarried, parents and non-parents, and of all ages. We all support Mothers' Union aims and mission.

AIMS

We endeavour to support the vulnerable and the marginalised in our society. We support Women's Refuges, Refugees, Asylum Seekers and the Homeless. We are also involved in many local projects helping families in our communities.

Some of the projects that we support in Bristol are:

- * 'Away From It All' (AFIA) family days at the seaside.
- * 'Friends for Parents' at the Children's Hospital.
- * Welcoming visitors to Ashfield Prison.
- * 'Gympanzees' enable disabled children and their families to access a stimulating play environment.
